RE:

Renewal Dual Quote Offer

The West Virginia FAIR Plan renewal offer now includes an option to increase the building amount of insurance. The program is designed to encourage policyholders to renew their policies at a higher building limit. The program is voluntary. The policyholder may elect the higher limit, or keep the existing limits.

The shaded areas on the attached offer sheet reflect the premium for the increased amount of insurance.

You have the option of paying the premium for the same coverage as the prior year or the increased premium, in the shaded areas, for the higher amounts of insurance on the building.

PLEASE NOTE:

THE PREMIUM DUE IS NET OF COMMISSION. PLEASE BE SURE TO COLLECT THE GROSS POLICY PREMIUM FROM THE INSURED.

The option to pay a deposit premium remains unchanged and is available for either choice.

If higher limits are desired, or if there are any other changes to the insured property, please call us at (800) 462-4972.

Also, please note that you can now complete a new business application on line at our website <a href="https://www.wvfairplan.com">www.wvfairplan.com</a> and electronically submit it to the Plan along with payment via a personal credit card. The electronic application is located under the Request tab, Electronic Application.

Thank you for your continued support.
