- 8. New Business
- 9. Adjournment

Minutes of the Annual Meeting of the Board of Directors of the West Virginia Essential Property Insurance Association April 24, 2009 8:30 a.m. Embassy Suites Hotel Charleston, West Virginia

The West Virginia Essential Property Insurance Association Annual Meeting was held on April 24, 2009 at the Embassy Suites Hotel in Charleston, West Virginia. The Annual Meeting was called to order at 8:30 a.m. with Chairman Mr. David A. McMillen presiding and Mr. John M. Ogle acting as secretary for the meeting.

Upon motion duly made, seconded and carried, the Minutes of the April 29, 2008 Annual Meeting were approved as distributed to member companies.

A motion to ratify the Board of Directors 2009-20010 term was duly made, seconded and carried.

Upon motion duly made, seconded and carried, the readings of the Chairman's Report, the General Manager's Report and the Treasurer's Report were waived as all three reports were included in the agenda packet and will be incorporated into the Annual Report distributed to member companies. Upon motion duly made, seconded and carried, the reports were accepted as presented.

By notice of the West Virginia Insurance Commissioner, the Honorable Jane L. Cline, the following individuals were appointed to the Board of Directors of the West Virginia Essential Property Insurance Association for the 2009 - 2010 term.

Mr. Gary R. Auvil Farmers Mutual Insurance Company

Mr. David V. Freeman Erie Insurance Group

Mr. Thomas M. Giffen Wells Fargo Insurance Services, Inc.

Mr. Glenn Hahn State Farm Insurance Companies

Mr. David A. McMillen Westfield Companies

Ms. Michele Lilly Nationwide Insurance

Mr. Jeffrey Williams Allstate Insurance Company

The General Manager noted the 2008 financial audit report provided by the accounting firm of Smart and Associates, LLP as presented and accepted by the Board of Directors will be made part of the Annual Report submitted to Member Companies.

There being no further business and upon motion duly made, seconded and carried, the meeting was adjourned.

Approved by,

Mr. David A. McMillen Chairman of the Board Respectfully submitted by,

Mr. John M. Ogle, CPCU General Manager

Report of the Chairman Mr. David A, McMIllen

23nd Annual Meeting West Virginia Essential Property Insurance Association April 24, 2009

Good Morning and welcome to the 23nd Annual Meeting of the West Virginia Essential Property Insurance Association. In over two decades of service to the West Virginia marketplace, the Association has issued more than 31,750 policies, earned \$11,986,702 in Premiums and incurred just over \$9,309,800 in losses.

As I reflect back over the many years, I am struck by the small, but vital role the Association has played in the West Virginia market. When operations commenced in November of 1986, no one had any idea of what to expect. Some openly worried that the Association would grow to become the market of first resort while others expressed concern that the Associations's poor loss ratios would eventually push assessments to the point of forcing the statewide industry to withdraw from the market.

I am here to report that neither gloom and doom scenario occurred. Through the tireless efforts of the staff and the Board, with the ongoing support from the West Virginia Insurance Department, the industry and the West Virginia State Legislature, the West Virginia Essential Property Insurance Association has become a model for the small, well run markets of last resort.

In 2008, the Association issued just 1,010 policies and earned only \$647,233 in premium. Losses Incurred were recorded at \$354,151. All in all, in 2008 the West Virginia Essential Property Insurance Association recorded a net result of operations deficit of \$39,659.

In 1986, when the West Virginia Essential Property Insurance Association wrote its first policy, all business was transacted through the US Mail. Now, some 23 years later the West Virginia FAIR Plan now accepts new applications and their respective premium payments over the internet. Electronic manual pages and rate quotations can be accessed by any interested party with a computer and internet access. Electronic communication has become a routine form to transmit information. As we closed 2008 and look past 2009, we see the West Virginia Essential Property Insurance Association making greater use of the electronic world to lower its costs and increase its communications with its policyholders.

Through the years, the staff has remained committed to providing the people of West Virginia with a reliable and well run market of last resort. This past year was no different and I am pleased to report the West Virginia Essential Property Insurance Association continued to meet

its obligations and responsibilities as required by the relevant West Virginia statutes and regulations.

Since inception the Pennsylvania FAIR Plan has provided the West Virginia Essential Property Insurance Association with management and functional support. This relationship has been a win win for both parties as operational costs as well as expertise is shared by the Plans with no fee being charged by the Insurance Placement Facility of Pennsylvania.

Although we are considerably smaller than the Pennsylvania Plan, the Plan management operates the West Virginia Essential Property Insurance Association with the same high quality and professional services that each policyholder or potential insured has come to expect.

As Chairman, I would like to thank General Manager, John M. Ogle and his management staff for all of their efforts. At the same time, I would like to recognize each of the employees for their continuing efforts to provide service in a timely and efficient manner to the policyholders, agents and brokers as well as the various member companies and regulatory personnel. I would be remiss if I did not also recognize the fine efforts and leadership of the West Virginia Insurance Department. In particular, I would like to thank West Virginia Insurance Commissioner, Jane Cline for her assistance to the operation.

I would also like to thank General Counsel, Daniel M. Taylor for his tireless service to the organization. Dan provided the Board with his review and advice on a variety of issues. His opinions have served the Plan and the Board well. In addition, I would like to thank our committee members and in particular, Claims Committee Chairman, Scott Huber, Underwriting Committee Chairman, Tom Giffen and Accounting Committee Chairman, Tom Sykes for having assisted the Department heads and the Board in overseeing the operations.

Lastly, I would like to thank my fellow Board members for their participation and support. The job of Chairman carries its own demands but the job performed by my fellow Board and Committee members has certainly made my job as Chairman, much easier.

Respectfully submitted,

Mr. David A. McMillen Chairman of the Board

Report of the Chairman of the Board Mr. David A. McMillen West Virginia Essential Property Insurance Association Annual Meeting - April 24, 2009

Report of the General Manager Mr. John M. Ogle

West Virginia Essential Property Insurance Association
Annual Meeting
April 24, 2009
Embassy Suites Hotel
Charleston, West Virginia

Good Morning. I'm pleased to be with you this morning and to have this opportunity to share with you the highlights and results of the past year. In 2008, the West Virginia Essential Property Insurance Association issued 1,010 policies, nearly a 17.6% decrease from the 1,226 policies issued in 2007. The decrease in Policies Issued added to a three year depopulation trend that began after several years of sustained growth. For example, in 2001, we issued only 956 policies but for the next three years those numbers grew steadily to the 2004 peak of 1,687. In 2005 and 2006 the numbers fell slightly and now have continued to fall through 2007 and 2008.

Last year, New Applications Received fell by 33.6% while Renewal Policies Issued decreased by 13.9% to 860 policies. The decrease in business impacted Premiums Written, which fell 19.2% to \$582,448 and Premiums Earned, which declined 14.8% to \$647,233. The Average Policy Premium in 2008 declined by 1.9% to \$577 per policy.

On the Claims side, in 2008 the Association recorded a 33.3% increase in the number of Losses Reported, from 12 to 16. The Association paid \$282,288 in claims in 2008, an increase of 72.3% from 2007. The Average Paid Loss increased to \$40,327 per claim.

2008, like the previous two years, was best categorized as a year of uncertainty. Like all insurance companies, the West Virginia Essential Property Insurance Association was uncertain about the extension of the federal terrorism legislation and the eventual impact. The Association remained uncertain about the impact of state regulation changes and lastly, the Association was uncertain of the impact the catastrophes along the Gulf Coast might have on the West Virginia marketplace in general. As we look forward to the future, the seemingly endless amount of bad news coming out of us and the world economy certainly adding to the uncertainties of future growth, making planning a difficult and inexact science.

The year 2008 was our 22nd year of operation. Throughout the last two decades the Association has remained a small player in the West Virginia marketplace. As the insurance industry again adjusts itself to the changing conditions of the marketplace, the impact on the West Virginia Essential Property Insurance Association remains unknown. Regardless, the Association remains committed to operating a professional, efficient association in service to the property insurance industry as well as to the citizens of West Virginia.

I would like to thank each member of the Board of Directors including Chairman, David McMillen. As General Manager, I appreciate your continued interest and support. In these days of conflicting schedules, difficult airplane connections and time spent away from the office and family, I know of your sacrifices and I appreciate your efforts.

I would be remiss if I did not thank the West Virginia Insurance Department and in particular, Commissioner Jane Cline. Her input and guidance throughout the year has been most appreciated. Lastly, I would like to thank General Counsel, Daniel Taylor. Dan provided us with well thought out legal advice and counsel, all of which was appreciated.

The West Virginia Essential Property Insurance Association is fortunate to have the contribution of many talented individual employees, management and staff alike. Their dedication and commitment to the Association is commendable and it is because of their fine efforts we can look forward to the challenges of the future.

Respectfully

Mr. John M. Øgle General Manager

> Re: West Virginia Essential Property Insurance Association Board of Directors

Dear Mr. Ogle:

It is my privilege to appoint the following individuals to continue to serve on the West Virginia Essential Property Insurance Association's Board of Directors.

- Mr. Gary R. Auvil, Representing Farmers Mutual Insurance Company
- Mr. David V. Freeman, Representing Erie Insurance Group
- Mr. Thomas M. Giffen, Representing Wells Fargo Insurance Services
- Mr. Glenn Hahn, Representing State Farm Fire Insurance Companies
- Ms. Michele Lilly, Representing Nationwide Insurance Company
- Mr. David. A. McMillen, Representing Westfield Companies
- Mr. Jeffrey Williams, Representing Allstate Insurance Company

We appreciate their interest to participate on the Board and look forward to its continued success.

Sincerely,

Jane L. Cline Commissioner

JLC/ew

Statutory Financial Statements, Independent Auditors' Report and Supplemental Schedules

For the years ended December 31, 2008 and 2007

Board of Directors West Virginia Essential Property Insurance Association

We have audited, in accordance with auditing standards generally accepted in the United States of America, the statutory basis financial statements of West Virginia Essential Property Insurance Association (the "Association") for the year ended December 31, 2008 and have issued our report thereon dated April 13, 2009. In connection therewith, we advise you as follows:

- a. We are independent certified public accountants with respect to the Association and conform to the standards of the accounting profession as contained in the Code of Professional Conduct and pronouncements of the American Institute of Certified Public Accountants.
- b. The engagement partner is a certified public accountant and is experienced in auditing insurance enterprises. Members of the engagement team, most of whom have had experience in auditing insurance enterprises were assigned to perform tasks commensurate with their training and experience.
- We understand that the Association intends to file the audited statutory financial statements and our report thereon with the Insurance Department of the State of West Virginia and that the insurance commissioner of that state will be relying on that information in monitoring and regulating the statutory financial condition of the Association.

While we understand that an objective of issuing a report on the statutory financial statements is to satisfy regulatory requirements, our audit was not planned to satisfy all objectives or responsibilities of insurance regulators. In this context, the Association and insurance commissioners should understand that the objective of an audit of statutory financial statements in accordance with auditing standards generally accepted in the United States of America is to form an opinion and issue a report on whether the statutory financial statements present fairly, in all material respects, the admitted assets, liabilities, and capital and surplus, results of operations and cash flows in conformity with accounting practices prescribed or permitted by the respective department of insurance. Consequently, under auditing standards generally accepted in the United States of America, we have the responsibility, within the inherent limitations of the auditing process, to plan and perform our audit to obtain reasonable assurance about whether the statutory financial statements are free of material misstatement, whether caused by error or fraud, and to exercise due professional care in the conduct of the audit. The concept of selective testing of the data being audited, which involves judgment both as to the number of transactions to be audited and the areas to be tested, has been generally accepted as a valid and sufficient basis for an auditor to express an opinion on financial statements. Audit procedures that are effective for detecting errors, if they exist, may be ineffective for detecting misstatements resulting from fraud.

SMART and Associates, LLP

Certified Public Accountants

80 Lancaster Avenue | Devon, PA 19333 | 610.254.0700 | Fax 610.254.5293 | www.smartgrp.com

Because of the characteristics of fraud, particularly those involving concealment and falsified documentation (including forgery), a properly planned and performed audit may not detect a material misstatement caused by fraud. In addition, an audit does not address the possibility that material misstatements resulting from fraud may occur in the future. Also, our use of professional judgment and the assessment of materiality for the purpose of our audit means that matters may exist that would have been assessed differently by insurance commissioners.

It is the responsibility of the management of the Association to adopt sound accounting policies, to maintain an adequate and effective system of accounts and to establish and maintain an internal control structure that will, among other things, provide reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting practices prescribed or permitted by the Insurance Department of the State of West Virginia.

The Insurance Commissioner should exercise due diligence to obtain whatever other information that may be necessary for the purpose of monitoring and regulating the statutory financial position of insurers and should not rely solely upon the independent auditors' report.

- d. We will retain the workpapers prepared in the conduct of our audit no longer than seven years, and on instructions from the Association, will make them available for review by the Insurance Department of the State of West Virginia.
- e. This is our third year as auditor of the Association and the engagement partner is a member in good standing of the American Institute of Certified Public Accountants.
- f. To the best of our knowledge and belief, we are in compliance with the requirements of section 7 of the NAIC's *Model Rule Requiring Annual Audited Financial Reports* regarding qualifications of independent certified public accountants.

This letter is intended solely for the information and use of the Insurance Department of the State of West Virginia and is not intended to be and should not be used by anyone other than these specified parties.

April 13, 2009

Smort and Osociatos, LLP

April 13, 2009

To the Board of Directors West Virginia Essential Property Insurance Association

We have audited the financial statements of the West Virginia Essential Property Insurance Association (the "Association") for the year ended December 31, 2008, and have issued our report thereon dated April 13, 2009. Professional standards require that we provide you with the following information related to our audit.

<u>Independence</u>

Professional standards suggest that we communicate with you regarding all relationships between Smart and Associates, LLP ("SMART") and the Association that, in our professional judgment, may reasonable be thought to bear in our independence. We have prepared the following comments to facilitate our discussion with you regarding independence matters arising since January 1, 2008.

We are not aware of any relationships between SMART and the Association that, in our professional judgment, may reasonably be thought to bear on our independence.

We hereby confirm that as of April 13, 2009, we are independent accountants with respect to the Association.

Our Responsibility under Auditing Standards Generally Accepted in the United States of America

As stated in our engagement letter dated December 13, 2008, our responsibility, as described by professional standards, is to express an opinion about whether the statutory-basis financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting practices permitted or prescribed by the Insurance Department of the State of West Virginia. Our audit of the financial statements does not relieve you or management of your responsibilities.

Planned Scope and Timing of the Audit

We performed the audit in March after management prepared the Association's year-end financial statements. Our audit was primarily substantive in nature with a focus invested assets, reserves, premiums and claims. Our materiality thresholds were based on the Association's total assets as of December 31, 2008.

SMART and Associates, LLP Certified Public Accountants

80 Lancaster Avenue | Devon, PA 19333 | 610.254.0700 | Fax 610.254.5293 | www.smartgrp.com

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Association are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2008. We noted no transactions entered into by the Association during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's estimate of the liability for pension and other post retirement benefits is determined using actuarial methods with calculations based on expected return on plan assets, expected compensation rate increases, discount rates, and future expected benefit payments. We evaluated the key assumptions used to develop the liability for pension and other post retirement benefits in determining that it is reasonable in relation to the financial statements taken as a whole.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. No such misstatements were noted.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of the audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated April 13, 2009.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Association's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Association's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Board of Directors and of the Association and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Smart and Associates, LLP

Notes to Statutory Financial Statements For the years ended December 31, 2008 and 2007

1. <u>Summary of Significant Accounting Policies:</u>

The statutory financial statements of West Virginia Essential Property Insurance Association (the "Association") have been prepared on the basis of accounting practices prescribed or permitted by the National Association of Insurance Commissioners ("NAIC") and the Insurance Department of the State of West Virginia.

The more significant accounting policies are as follows:

Premiums:

Premiums are recognized as revenues ratably over the terms of the policies. Unearned premiums are computed on the monthly pro rata basis.

Commissions:

Commissions and other costs of acquiring business are charged to operations as incurred.

Nonadmitted Assets:

Certain assets designated as "nonadmitted" are not reflected in the statutory statements of admitted assets, liabilities, and members' (deficit) equity. Nonadmitted assets include furniture, fixtures, and leasehold improvements and are charged directly against members' (deficit) equity.

Unpaid Losses and Loss Adjustment Expenses:

Unpaid losses and loss adjustment expenses are estimated based on losses reported and the Association's past experience for losses incurred but not yet reported. Management believes that such provisions are adequate to cover the ultimate liability. However, such estimates could differ from the amounts ultimately paid when claims are settled. Subsequent changes in estimates are reflected in earnings currently.

Use of Estimates:

The preparation of statutory financial statements in conformity with statutory accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the statutory financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents:

Cash and cash equivalents include cash on hand and other highly liquid temporary investments. The carrying value of cash equivalents approximates fair value. Interest and dividend income from cash and cash equivalents is included in investment income on the statutory statements of operations.

Notes to Statutory Financial Statements, continued For the years ended December 31, 2008 and 2007

1. <u>Summary of Significant Accounting Policies, continued:</u>

Variances from Generally Accepted Accounting Principles:

Certain of the prescribed or permitted insurance accounting practices followed by the Association differ from accounting principles generally accepted in the United States of America. The principal differences are as follows:

- Commissions and other acquisition costs, if recoverable from future operations, would be
 deferred and charged against operations on the same basis that related premiums are
 recognized as revenues.
- Certain assets designated as "nonadmitted" would be reflected in the statutory statement of admitted assets, liabilities, and members' deficit.
- Calculation of the pension obligation excludes non-vested employees.

The effects on the statutory financial statements of these differences have not been determined.

Reclassifications:

Certain prior year amounts have been reclassified to conform to the current year presentation.

2. General:

The Association was created by an act of the Legislature of the State of West Virginia to make available basic property insurance against fire and other perils for residential and business properties located in the state. All insurers ("Member Company") doing any insurance business in West Virginia of the kinds covered by the Association are required to be a member. Each member participates in the profits and losses of the Association in the proportion that the net direct premiums of the member insurer for the second previous year bear to the net direct premiums written by all members for the second preceding calendar year and is subject to future cash assessments, if required. Members' deficit of \$30,481 at December 31, 2008, may ultimately be assessed to the participating members as required.

The Association shares office space and the services of certain employees with the Insurance Placement Facility of Pennsylvania and the Insurance Placement Facility of Delaware and pays a portion of such joint expenses based on estimates of actual usage.

3. <u>Federal Income Taxes:</u>

The Association files as a partnership for federal income tax purposes. Consequently, the Association provides each Member Company with an annual statement of its relative share of the Association's annual results of operations for inclusion in each participating member's tax return.

Notes to Statutory Financial Statements, continued For the years ended December 31, 2008 and 2007

4. <u>Employee Benefits:</u>

The Association, in conjunction with the Insurance Placement Facility of Pennsylvania and the Insurance Placement Facility of Delaware and other unaffiliated organizations, is a participant in the Prudential Retirement Insurance and Annuity Company Pension Plan, which covers all of its employees. The pension plan qualifies under the provisions of Section 501(a) of the Internal Revenue Code and is exempt from federal income taxes. The pension plan is funded through the trustee by contributions to group annuity contracts.

The Association uses a December 31 measurement date for its pension plan. Assets, liabilities and expenses of the plan are allocated to the Association based on its underwriting activity. The allocation percentage used for the Association was 3.28% in 2008 and 3.70% in 2007.

The following table sets forth the year-end status of the plan:

	2008	2007
Change in projected benefit obligation:		
Benefit obligation at January 1	\$ 9,197,161	\$ 9,024,042
Service cost	164,883	183,858
Interest cost	583,355	541,984
Actuarial loss (gain)	383,768	(285,803)
Benefits paid	(245,753)	(266,920)
Benefit obligation at December 31	10,083,414	9,197,161
Change in plan assets:		
Fair value of plan assets at January 1	7,882,023	7,050,733
Actual return on plan assets	(2,463,025)	532,751
Employer contributions	569,844	565,459
Benefits paid	(245,753)	(266,920)
Fair value of plan assets at December 31	5,743,089	7,882,023
Funded status	(4,340,325)	(1,315,138)
Unrecognized net actuarial loss	4,718,320	1,266,896
Prepaid (accrued) benefit cost	\$ 377,995	\$ (48,242)
Weighted average assumptions used to determine benefit obligations as	t December 31:	
	2008	2007
Discount rate	6.00%	6.50%
Rate of compensation increase	3.50%	4.00%

Notes to Statutory Financial Statements, continued For the years ended December 31, 2008 and 2007

4. Employee Benefits, continued:

The net periodic pension cost for the plan includes the following components:

	2008	2007
Components of net periodic pension cost:		
Service cost	\$ 164,883	\$ 183,858
Interest cost	583,355	541,984
Expected return on plan assets	(639,950)	(576,172)
Amount of loss recognized	35,319	98,945
Net periodic pension cost	\$ 143,607	\$ 248,615

Weighted average assumptions used to determine the net periodic pension cost:

	2008	2007
Discount rate	6.50%	6.00%
Expected long-term rate of return	8.00%	8.00%
Weighted average rate of compensation increase	4.00%	3.50%

The accumulated benefit obligation for the plan was \$8,815,319 and \$7,850,949 at December 31, 2008 and 2007, respectively.

Prepaid benefit cost was \$377,995 and accrued benefit cost was \$48,242 at December 31, 2008 and 2007, respectively.

An additional minimum pension liability ("AML") is required when the actuarial present value of the accumulated plan benefit obligation exceeds plan assets and accrued pension liabilities. As of December 31, 2008 and 2007, the plan had an AML of \$3,450,255 and \$-0- respectively. Pursuant to the requirements of SSAP No. 89, changes to the AML were recorded directly to members' deficit. The (increase) decrease in the AML during 2008 and 2007, respectively was \$(3,450,255) and \$355,122.

The benefit obligation excludes liabilities for nonvested employees, which were \$50,473 and \$27,871 at December 31, 2008 and 2007, respectively.

The expected long-term rate of return on assets assumption is 8.00%. As defined in Financial Accounting Standards ("FAS 87"), this assumption represents the rate of return on plan assets reflecting the average rate of earnings expected on the funds invested or to be invested to provide for the benefits included in the benefit obligation. The assumption has been determined by reflecting expectations regarding future rates of return for the investment portfolio, with consideration given to the distribution of investments by asset class and historical rates of return for each individual asset class.

Notes to Statutory Financial Statements, continued For the years ended December 31, 2008 and 2007

4. <u>Employee Benefits, continued:</u>

The plan's weighted average asset allocations at December 31, 2008 and 2007, by asset category are as follows:

	2008	2007
Asset category:		
Equity securities	50.6%	62.0%
Debt securities	45.9%	36.4%
Cash	3.5%	1.6%

The primary investment objective for the pension plan assets is to achieve maximum rates of return commensurate with safety of principal, given the asset mix, credit quality and diversification guidelines and restrictions approved by the plan administrator's board of directors. The pension asset allocation is reviewed quarterly to determine whether the portfolio mix is within an acceptable range of target allocation. Target asset allocations are based on asset and liability studies with the goal to enhance the expected return of the pension portfolio while maintaining acceptable levels of risk. The target asset allocation is 60% equity securities and 40% debt securities.

Contributions to the plan are expected to be \$444,763in 2009.

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid:

2009	\$ 330,000
2010	375,000
2011	456,000
2012	527,000
2013	585,000
2014-2018	3,680,000

The Association provides life insurance for active employees upon the date of hire. The amount of insurance provided is equal to two times the employees' basic annual salary. For employees who are under age 65 at retirement, the Association continues to pay the full cost of life insurance until the employee reaches age 65, at which time coverage is reduced to \$5,000. For employees who retire at age 65 or older, the Association pays the full cost of life insurance with coverage limited to \$5,000.

Retired employees of the Association are provided Medicare HMO coverage. The HMO provides coverage for certain hospital, surgical, and medical costs not covered by Medicare. To be eligible for the HMO, a retiree must be 65 years of age or older and have at least five years of service with the Association.

The Association uses a December 31 measurement date for its postretirement benefit plan.

Notes to Statutory Financial Statements, continued For the years ended December 31, 2008 and 2007

4. Employee Benefits, continued:

The following table sets forth the postretirement health care and life insurance benefit plan's funded status as of December 31, 2008 and 2007:

status as of December 31, 2008 and 2007.		
	2008	2007
Accumulated postretirement benefit obligation: Postretirement benefit obligation for retirees and fully vested plan participants	\$ 354,035	\$ 266,723
Accumulated postretirement benefit obligation in excess of plan assets	354,035	266,723
Unrecognized gain Unrecognized prior service	561,785 101,878	653,444 134,125
Accrued postretirement benefit cost	\$ 1,017,698	\$ 1,054,292
The following table represents a reconciliation of postretirement December 31, 2008 and 2007:	benefit cost for t	the years ended
	2008	2007
Accrued postretirement benefit cost at January 1 Benefit income for year Benefits paid	\$ 1,054,292 (11,528) (25,066)	\$ 1,151,378 (70,015) (27,071)
Accrued postretirement benefit cost at December 31	\$ 1,017,698	\$ 1,054,292
Weighted average assumptions used to determine benefit obligations a	at December 31:	
	2008	2007
Discount rate Rate of compensation increase	6.00% 3.50%	6.50% 4.00%

Notes to Statutory Financial Statements, continued For the years ended December 31, 2008 and 2007

4. <u>Employee Benefits, continued:</u>

Net periodic postretirement benefit cost for 2008 and 2007 includes the following components:

	 2008	 2007
Service cost	\$ 57,662	\$ -
Interest cost	16,415	16,433
Amortization of prior service cost	(32,247)	(32,247)
Amortization of gain	 (53,358)	 (54,201)
Net periodic postretirement benefit cost	 (11,528)	\$ (70,015)

Weighted average assumptions used to determine the net periodic postretirement cost:

	2008	2007
Discount rate	6.50%	6.00%
Weighted average rate of compensation increase	4.00%	3.50%

For measurement purposes, for participants younger than age 65, healthcare cost trend increases of 11% and 12% were assumed for 2008 and 2007, respectively. These rate increases were assumed to decrease through 2020 and later when they level off at 5%. The healthcare cost trend rate assumption has an effect on the amounts reported. For example, increasing the assumed healthcare cost trend rate by one percentage point in each year would increase the accumulated postretirement benefit obligation as of December 31, 2008 by \$27,608 and net periodic postretirement benefit cost for the year ended December 31, 2008 by \$6,810.

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid:

2009	\$ 31,858
2010	28,541
2011	32,929
2012	34,953
2013	36,960
2014-2018	214,597

The employees of the Association are eligible to participate in the Benefits Connection Group 401(k) Savings Plan, a defined contribution plan. The plan is administered by the Administration Committee for Benefits Connection Group Savings Plan. Participation in the plan is voluntary. Employees are vested in employer contributions upon participation. Employees may contribute 1% to 16% of their annual compensation on a before-tax basis and/or 1% to 16% of their annual compensation on an after-tax basis for a total of 16%. The Association matches employee contributions up to a maximum of 6% of an employee's annual compensation. Contributions by the Association amounted to \$3,831 and \$4,342 in 2008 and 2007, respectively.

Notes to Statutory Financial Statements, continued For the years ended December 31, 2008 and 2007

5. <u>Liability for Unpaid Losses and Loss Adjustment Expenses:</u>

Activity in the liability for unpaid losses and loss adjustment expenses is summarized as follows:

	2008	2007
Balance, January 1	\$ 2,073	\$ 113,632
Incurred related to:		
Current year	427,195	110,221
Prior years	2,018	14,208
Total incurred	429,213	124,429
Paid related to:		
Current year	341,027	109,530
Prior years	2,901	126,458
Total paid	343,928	235,988
Balance, December 31	\$ 87,358	\$ 2,073

As a result of changes in estimates for anticipated losses and loss adjustment expenses related to insured events of prior years, the liability for losses and loss adjustment expenses increased by \$2,018 and \$14,208 in 2008 and 2007, respectively.

6. Lease Commitments:

The Association conducts its operations in leased premises under a lease that will expire April 30, 2015. At December 31, 2008, minimum rental commitments under this noncancelable lease are as follows:

Year ending December 31:

2009 2010 2011 2012 2013 and thereafer	\$	11,191 11,426 11,661 11,896 28,643
Total payments	<u>\$</u>	74,817

Total rental expense was \$10,359 and \$11,466 in 2008 and 2007, respectively.

The Association is charged a portion of the total rentals paid by Insurance Placement Facility of Pennsylvania for common facilities, based upon underwriting activity of the Association during the year. Rental commitment allocations are based upon continuation of the current level of activity.

Notes to Statutory Financial Statements, continued For the years ended December 31, 2008 and 2007

7. Related Party Transactions:

The Insurance Placement Facility of Pennsylvania issues all checks, including those payable by the Association, and is then reimbursed by the Association (note 2). Throughout 2008 and 2007, \$562,650 and \$469,499 respectively, was paid by the Insurance Placement Facility of Pennsylvania on behalf of the Association. The related payable to the Insurance Placement Facility of Pennsylvania is \$59,248 and \$50,255 at December 31, 2008 and 2007, respectively.

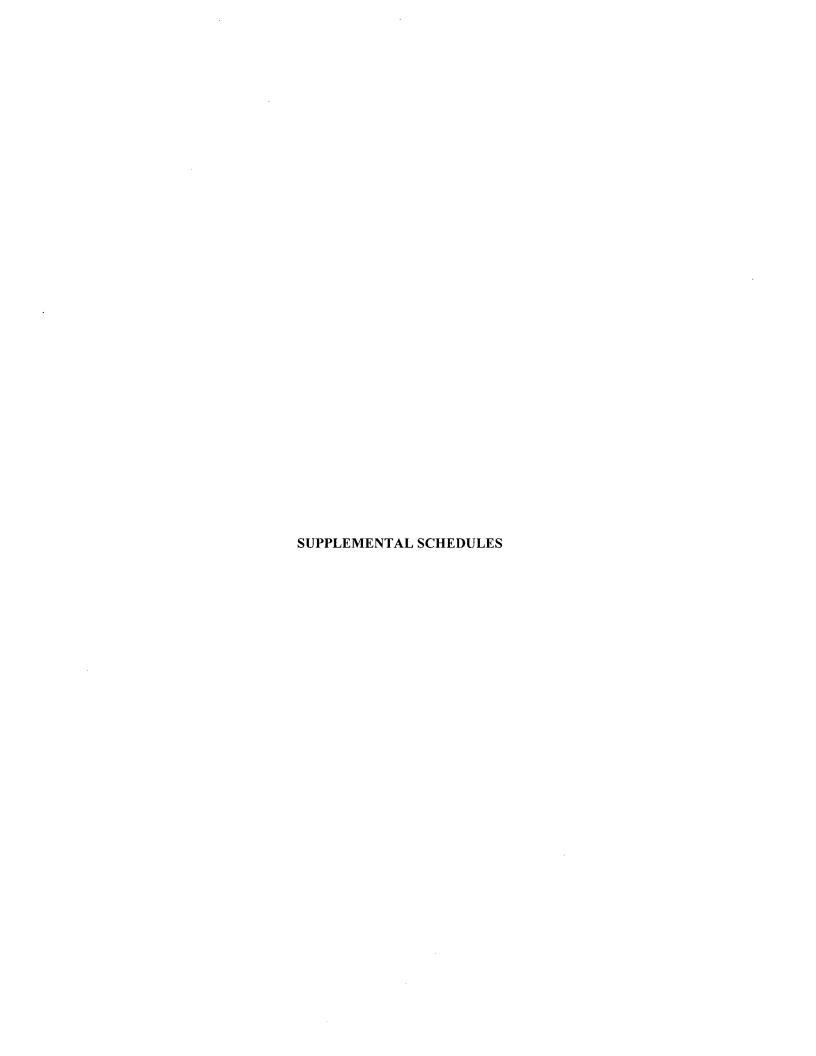

8. <u>Annual Statement Reconciliation:</u>

There are no material differences between net income and capital and surplus as reported herein and the Annual Statement as previously filed with the Department for the years ended December 31, 2008.

The following is a reconciliation between the accompanying statutory financial statements and the Annual Statement for the years ended December 31, 2007:

	2007	
	Net loss	Members' deficit
As reported in the Annual Statement 2007 underwriting and other expense adjustment	\$ 356,617 (4,452)	\$ 134,090
As reported herein	\$ 352,165	\$ 134,090

The underwriting and other expense adjustment relates to the accounting for other post retirement benefits discussed in Note 4.

Supplemental Investment Risk Interrogatories December 31, 2008

Total admitted assets at December 31, 2008

\$ 587,916

1. State by investment category the 10 largest exposures to a single issuer/borrower/investment, excluding (i) U.S. government, U.S. government agency securities, and those U.S. government money market funds listed in the Appendix to the SVO Purposes and Procedures Manual as exempt; (ii) property occupied by the Company; and (iii) policy loans.

		Percentage
		of total
		admitted

- 11. The Company has no repurchase agreements.
- 12. The Company does not hold warrants.
- 13. The Company does not have exposure to collars, swaps, or forwards.
- 14. The Company does not have exposure for futures contracts.
- 15. The Company does not have amounts in the Write-Ins for Invested Assets category on the Summary Investment Schedule.

See accompanying independent auditors' report.

Summary of Investments December 31, 2008

Investment categories	Gross investment holdings*	Admitted assets as reported in the annual statement
Cash and short-term investments	\$ 581,643 100%	\$ 581,643 100%
Total invested assets	\$ 581,643	\$ 581,643

^{*}Gross investment holdings as valued in compliance with NAIC Accounting Practices and Procedures Manual.

Reinsurance Interrogatories December 31, 2008

Provided below are management's responses to certain reinsurance interrogatories required by NAIC Statutory Accounting Principles:

Has the reporting entity reinsured any risk with any other entity under a quota share reinsurance contract that includes a provision that would limit the reinsurer's losses below the stated quota share percentage (e.g., a deductible, a loss ratio corridor, a loss cap, an aggregate limit or any similar provisions)?

Yes() No(X)

Has the reporting entity ceded any risk under any reinsurance contract (or under multiple contracts with the same reinsurer or its affiliates) for which during the period covered by the statement: (i) it recorded a positive or negative underwriting result greater than 5% of prior year-end surplus as regards policyholders or it reported calendar year written premium ceded or year-end loss and loss expense reserves ceded greater than 5% of prior year-end surplus as regards policyholders; (ii) it accounted for that contract as reinsurance and not as a deposit; and (iii) the contract(s) contain one or more of the following features or other features that would have similar results:

- (a) A contract term longer than two years and the contract is noncancellable by the reporting entity during the contract term;
- (b) A limited or conditional cancellation provision under which cancellation triggers an obligation by the reporting entity, or an affiliate of the reporting entity, to enter into a new reinsurance contract with the reinsurer, or an affiliate of the reinsurer;
- (c) Aggregate stop loss reinsurance coverage;
- (d) An unconditional or unilateral right by either or both parties to commute the reinsurance contract, whether conditional or not, except for such provisions which are only triggered by a decline in the credit status of the other party;
- (e) A provision permitting reporting of losses, or payment of losses, less frequently than on a quarterly basis (unless there is no activity during the period); or
- (f) Payment schedule, accumulating retentions from multiple years or any features inherently designed to delay timing of the reimbursement to the ceding entity.

Yes () No (X)

Has the reporting entity during the period covered by the statement ceded any risk under any reinsurance contract (or under multiple contracts with the same reinsurer or its affiliates) for which during the period covered by the statement it recorded a positive or negative underwriting result greater than 5% of prior year-end surplus as regards policyholders or it reported calendar year written premium ceded or year-end loss and loss expense reserves ceded greater than 5% of prior year-end surplus as regards policyholders; excluding cessions to approved pooling arrangements or to captive insurance companies that are directly or indirectly controlling, controlled by, or under common control with (i) one or more unaffiliated policyholders of the reporting entity, or (ii) an association of which one or more unaffiliated policyholders of the reporting entity is a member, where:

- (a) The written premium ceded to the reinsurer by the reporting entity or its affiliates represents fifty percent (50%) or more of the entire direct and assumed premium written by the reinsurer based on its most recently available financial statement; or
- (b) Twenty-five percent (25%) or more of the written premium ceded to the reinsurer has been retroceded back to the reporting entity or its affiliates in a separate reinsurance contract.

Yes() No(X)

Except for transactions meeting the requirements of paragraph 30 of SSAP No. 62—Property and Casualty Reinsurance, disclose if the reporting entity ceded any risk under any reinsurance contract (or multiple contracts with the same reinsurer or its affiliates) during the period covered by the financial statement, and either:

- (a) Accounted for that contract as reinsurance (either prospective or retroactive) under statutory accounting principles ("SAP") and as a deposit under generally accepted accounting principles ("GAAP"); or
- (b) Accounted for that contract as reinsurance under GAAP and as a deposit under SAP?

Yes() No(X)
